

Established in 2001, University Solutions, Inc. is the partnership of six students from the Engineering Management program at Stevens Institute of Technology in Hoboken, NJ.

The Corporation was founded to support a Senior Design Project at Stevens, namely STEP UP. The mission of University Solutions, Inc. is to provide comprehensive, management consulting in an academic environment. University Solutions, Inc. seeks to help student organizations from yearbooks to sports clubs, even fraternities and sororities, bring a more robust lifestyle to the student body. To this end, projects like STEP UP enable University Solutions, Inc. to make life easier, as well as more profitable, across campuses nationwide.
